Never want to stand upon myself
Never want to get in the way I said it
I don't know what the plan is,
But you can share with me.
'Cause I'll be listening here to everything you say
I won't turn away
and I'll listen, open up my heart
and I must say that I love you

Ooooh la love, I've fallen in love
and it's better this time than ever before
Ooooh la love, I've fallen in love
and it's better this time than I've ever known

Every day is a battle I face
Strange life I live, but it's what you've decided
I give it all into your hands
Do what you will with me
And I'll, I'll smile when you speak
Remember those times I was hoping for something?
And shaking my head from all that I have done

But you never left me

[x2]

Ooooh la love, I've fallen in love
and it's better this time than ever before
Ooooh la love, I've fallen in love
and it's better this time than I've ever known

Give it up for you
I would give it up for you
I'd give it up for you
I'd do anything for you

[x2]

Ooooh la love, I've fallen in love
and it's better this time than ever before
Ooooh la love, I've fallen in love
and it's better this time than I've ever known

I have fallen in love

I have fallen in love
