Every thing between us
It's gonna be all right, cuz I can feel the magic and the
night has just began
We are more than friends and you know I'm right,
So come a little closer close your eyes and blow my
mind

CHORUS

Beats in the night our spirits
We can fly
Beats of my heart
Get together can't apart x2

Listen to the music coming from the stars can you feel
the magic?
And the rhythm of my heart now it's time for taking our
trip to the outer space
Keeping beat together
Our perfect lurking place.

CHORUS
