"For You"

Visit "[For You](#)" on MotoLyrics.com

When you're cold
And you feel you've lost your way
Everything you've hoped for
Passes by each day
Don't give up
I'll be right beside you
I can give your weary heart
A warm and tranquil refuge
Wish I had a way
To catch the rain that falls upon you

But I won't give up
Till you feel what burns within me
For you

If there are days
When it seems that no one's there
The burden's far too great
For such a tired soul to bear
Come to me
Let these arms embrace you
For the message they hold
Is more than words could ever tell you
I don't have the strength
To conquer all your pain and sorrow

But I won't give up
Till you feel what burns within me
For you

If only I could find a way to tell you
How much it means to be the one you call
If you only knew what I feel for you
Surely you'd believe me when I say
Things will go your way
Together we can rise above it

And I won't give up
Till you feel what burns within me
For you
