I love proving people wrong
As their faces turn to filth.
As their insides melt.

You will never understand the things I can do.
Just sit back, get over this spell.
Sit back,

And you will never see what these eyes have seen.
Sit back, relax, I'll send you the pain.
Tell me you see me here cause I've astray.

You're just a pawn in a game of destruction!
Like a robot do your function!

Till that comes around the triggers in your mind
And everything they fed you was all a lie.

Just a pawn in a game of destruction.
Like a robot do your functions.

Maybe that's when everything will break.
It was all one.

And I can taste your fear.
The way it lingers on your skin.

Things I told you will never leave your mind,
These moments will be stuck inside.
Just a pawn in a game of destruction.
Like a robot do your function.

Soul Sinner, you hang by a thread...
Soul Sinner, you hang by a thread.
This is the end, I'm sure of it.
Sure of it.

Don't.
Ohhhh.
Don't.
Don't...
