Swim in my blood
Poison my veins
Break me down, leave nothing unchanged
Never gonna slip from this Kung Fu grip
Just when I think I got a tight hold,
Something inside gonna bury me alive
Face down, tits up, here we go

Neck deep in both your eyes
I finally feel alive
I give to you what's mine
Until the roof caves in and I realize
It comes as no surprise
Now that I feel alright
I give to you what's mine
And then the roof caves in
And I realize...

Everyone I touch seems to turn to stone
Leaves me wondering why I'm all alone

Never gonna slip from this Kung Fu grip
Just when I think I got a tight hold,
Something inside gonna bury me alive
Face down, tits up, here we go (here we go!)

Neck deep in both your eyes
I finally feel alive
I give to you what's mine
Until the roof caves in and I realize
It comes as no surprise
Now that I feel alright
I give to you what's mine
And then the roof caves in
And I realize...

(It comes as no surprise
Now that I feel alright
I give to you what's mine...)
