I don't even know the real me anymore
I can't even show how I feel
I hit the floor
I'm talking rock bottom
My feelings I fought em
I can't believe it's come to this
'Cause I need to a grip on reality

Now i wanna feel some sensitivity
I'm here, i'm telling you i

Cleared my life
I changed my head
Trying to catch my skin again
I'm finding out what makes me wanna live
By living it up again
It's my world
I paved my way
Found my sensitivity
I stepped back from the edge
Now i'm living it up again

I've been doing fine in my misery
Not crazy
I told them not to worry about me

But everytime i wanna feel some sensitivity
I'm here, i'm telling you i

Cleared my life
I changed my head

Trying to catch my skin again
I'm finding out what makes me wanna live
By living it up again
It's my world
I paved my way
Found my sensitivity
I stepped back from the edge
Now I'm living it up again

Living it up again

Living it up again
Living it up now i'm not crazy i'm just sensitive
I stepped back from the edge

I cleared my life
I changed my head
Trying to catch my skin again
I'm finding out what makes me wanna live
By living it up again
It's my world
I paved my way
Found my sensitivity
I stepped back from the edge
Now I'm living it up again

Living it up again
I'm living it up again
Living it up now i'm not crazy i'm just sensitive
Living it up again
I'm living it up again
Living it up now i'm not crazy i'm just sensitive
