VERSE:

#1

There's a place where all the people use to go  
To ease the pain and cure the suffering  
They try to hide their everyday prostitution  
they value themselves by comparing themselves to  
others.

Their not like me  
i keep my self deception, behind a mask  
of pride and dignity  
It seems to me that they are searching all day  
knowing that they will find to be

Chorus:

i dont need the city  
it never cared for me  
i dont need this pity  
of tranquility  
i want to see the blue sky  
but darkened clouds i see.

I dont need the city  
i dont need this

VERSE:

#2

There's a place where all the people use to be  
and suffocate from all their lies  
somehow they, have managed all their misbehavior  
to the point of this despite

Their not like me  
i hide my self reflection, behind a wall  
of privacy  
it seems to me that i have found my pleasure,  
watching them drown slowly

Chorus:

i dont need the city  
it never cared for me  
i dont need this pity  
of tranquility  
i want to see the blue sky  
but darkened clouds i see.

I dont need the city  
i dont need this

i dont need this  
i dont want this  
i dont need this

i dont need the city  
it never cared for me  
i dont need this pity  
of tranquility  
i want to see the blue sky  
but darkened clouds i see.  
I dont need the city  
i dont need this
