

Emperors Of Destruction

"From The Other Side"

The wind blows to destroy your soul
Mental insanity has claimed your life
The summer storm has revealed nameless evil
Your evil occupants have trapped you

A hordid creature from beneath is trying to conquer
Devastation is inside the house
Dark symbols
Dark Entities
Now command you

The soul is far in the bowels of darkness
Depression and destruction claims your soul
Black and Blue
Black and Blue
Are your colors

A hordid creature from beneath is trying to conquer
Devastation is inside the house
Dark symbols
Dark Entities
Now command you
