(Verse)

This will be the last time I confess
That I won't stop till my last breath
And when the preacher said till death
Of course it's me who can't forget
So let the choir sing
And let the chorus ring
And when the glass blows out
And the doors fall down
I'll be the one to stick around

(Pre-Chorus)

If that's what you want, you're gonna get it
I'm going to give it to you
And if that's what you need, we'll never stop
We're gonna rock till you hit the top

(Chorus)

Name the game, I'll play along I swear I will
When the world does fall apart I swear I'll love you still
I know this comes to you as no surprise
But you're the only thing the only thing that makes me
feel alive

(Verse)

I could be the reason to remember
All the nights I'll never forget
From early June into December
Living life without regret
Baby show me what you're made of
Give me everything you've got
Tell me what you're so afraid of
Baby give me your best shot

(Pre-Chorus)

If that's what you want, you're gonna get it
I'm going to give it to you
And if that's what you need, we'll never stop
We're gonna rock till you hit the top

(Chorus)

Name the game, I'll play along I swear I will
When the world does fall apart I swear I'll love you still

I know this comes to you as no surprise
But you're the only thing the only thing that makes me
feel alive
