(Verse1)

Those years you spent thinkin' of me,
Those years I had nothing else to do but dream...
In moments that I couldn't find
A way to put you out of my mind
Oh, all I wanted was you to be here...

(Pre-chorus)

But now I have to leave
Coz this was never meant to be...

(Chorus)

I won't let this get between you and me
Oh, I won't let it get that way
I wish I could find how to go back in time
And erase every day -
I let the sun set on an argument
But now it's how it's meant to be
You say you believe in magic
But it's done nothing for me...

(Verse2)

Those hours you spent in a dreamlike state
Did you realise thinking of me, were moments gone to waste
If I could take back all our time
Or could have opened up your eyes,
I would have shown a different ending

(Pre-chorus)

But now I have to tell the truth
I knew I couldn't be with you...

(Chorus)

I won't let this get between you and me
Oh, I won't let it get that way
I wish I could find how to go back in time
And erase every day -
I let the sun set on an argument
But now it's how it's meant to be
You say you believe in magic...

(Pre-chorus)
I won't forget you
Or what you meant to me
And I'm sorry for how things ended
It's how it's meant to be... to be...

(Chorus)
