I need you to be my pill, in order to
Ease my pain.
I'm getting sick and tighered.
Of getting lovesick over you.
Even when I think of you, my head starts
Pounding like I have a hangover.

It hurts, It hurts me so badly.
Cause You are infected to me.
But I don't mind getting hurt, cause thoughts
Are love bruises for me.

Chorus:
Cause you are! my love drug, love drug,
Love drug, love drug.
I get so wasted, and start hurting myself,
When I'm with you, girl.
You're my love drug, my love drug, my love
Drug, love drug.
Your the only pill I like, sted of tylenol.
My love drug would do that for me.
Love drug, love drug, love drug.

I can dream of you forever.
You'll be like my sandman to bring me a
Dream.
You even get me so damn high that I can't
Even stand it.
Cause your the one that I love.

It hurts, It hurts me so badly.
Cause You are infected to me.
But I don't mind getting hurt, cause thoughts
Are love bruises for me.

Chorus:

When pain comes to hurt.
My thoughts are all about you.
It kills me slowly, that all my
Caring is not working on you.

But Hey!
All I need is a little more time
Little, little, little more time.
Then I'll have my arm around you
And then we will say goodbye.

Chorus:
