And you'll need us need us even more
We'll masquerade as good a savior at your door
And you'll pay us
Pay us for your sin
And when your time runs out
It's time to run again

And we'll steal all we can't control
Time to know what you're fighting for

And I lied oh I lied
We'll make the righteous
The righteous an insane breed
We'll have you fight for freedom
Freedom from our greed
And we will cut you down make your movement bleed
And when we're finally done
You won't know who to believe

And we'll steal all we can't control
Time to know what you're fighting for
Do you kneel
Kneel before the law
Time to know what you're fighting for
