"Time Is Wasted"

Take me back to the start
I couldn't wait for the lights to fade
Everyday so much of the same
Over and over and over again

And it feels like time's been wasted
Yeah I need a little more time to waste it

Sitting here in the dark
I couldn't wait for the lights to fade
Rewind and start again
Over and over we try to begin

Time heals a broken heart
So wear your mask and just play your part
Just like a movie scene
Over and over it's in my head
