The news is out all over town that you've been seen out  
a runnin' round  
And I know that I I should leave but then I just can't go  
you win again

This heart of mine could never see what everybody  
knew but me  
Just trusting you was my great sin what can I do you win  
again

(You have no heart) you have no heart (you have no  
shame) you have no shame  
You take true love and give the blame  
I guess that I I should not complain I love you still you  
win again  
I love you still you win again
