Some people gotta learn the hard way  
Best believe I know that I have  
It took me such a long time to realize  
By the time I did I found me stuck in the past

[Pre-chorus]

It's way too hard for me baby  
To free myself without help from you  
The road gets harder from here baby  
This may not be what you wanna do

[Chorus]

But if you can save me  
Everything I had would be yours  
What you waitin' for come on and save me  
Can you save me  
So that I won't miss out on love anymore

To turn around right now would be easy  
'Cause obstacles may get in your way  
Don't wanna force you into being a hero  
Used to relying on myself anyway

[Pre-Chorus]

But now...  
It's way too hard for me baby  
To free myself without help from you  
The road gets harder from here baby  
This may not be what you wanna do

[Chorus]

But if you can save me  
Everything I had would be yours  
What you waitin' for come on and save me  
Can you save me  
So that I won't miss out on love anymore

Did I ever tell you how bad that I want it  
Yes I need it, Ooh  
If I could let these guards down for just one moment  
And let you see me, Ooh Ooh

The way you fight for my affection  
It's much more than I expected  
Can't believe it's all for me, yeah  
Couldn't do it by myself, yeah  
The way you're loving me so perfect  
And I know I don't deserve it  
Baby come and set me free, yeah

[Chorus]

Can you can save me  
Everything I had would be yours  
What you waitin' for come on and save me  
Can you save me  
So that I won't miss out on love anymore
