(Chorus)

Well the sticks and stones can break my bones,
But girl you'll never hurt me,
'Cause I know that you're beautiful in every single
way
and I like it.

(Verse 1)

You should smile happy looks quite good on you,
I know you doubt it but I gotta know you see it too,
And it, was quite the treat,
You gotta screened in porch where we used to sit,
You're lookin' so good I gotta admit,
You had me on the edge of my seat.

(Chorus)

Well the sticks and stones can break my bones,
But girl you'll never hurt me,
'Cause I know that you're beautiful in every single
way
and I like it.

Oh I'll take you to the moon and back,
I'll go anywhere that you were at,
You should know that I adore you in every single way
and I like it.

(Verse 2)

Well I'm crazy about you but you know that by now,
And I want a front seat just to know how,
You haven't had enough,
Of me by now.
I could drop it all to catch it all on a dime,
And it's funny how your hand fits right into mine,
but I could use some time.

(Chorus)

Well the sticks and stones can break my bones,
But girl you'll never hurt me,
'Cause I know that you're beautiful in every single
way
and I like it.

Oh I'll take you to the moon and back,
I'll go anywhere that you were at,

You should know that I adore you in every single way
and I like it.
Oh IÂ'll take you to the moon and back,
IÂ'll go anywhere that you were at,
You should know that I adore you in every single way
and I like it.
