(Verse)

I can tell that it's been a long time no see,
But I don't know what came over me.
But as far as I've got, you're the top of the lot,
You're your own, sight to see.
She's not exactly, my forte,
But I could give her a go, anyway.
But I don't know what she sees in me but it's
On the tip of my tongue, on the tip of my tongue.

(Chorus)

Have I told you lately, you're the only one
Who makes me wanna stay in this town, and I hate it,
'Cause what about when you're not around.
Have I told you lately, you're the only one,
Who gives me any reason to sing,
And I hate it,
'Cause baby you just don't miss a thing.

(Verse 2)

Well lately she's been
Catching my eye, but I just don't know why,
Oh why, is irony catching up to me,
In no, time at all.
I'd take you to, LA to Timbucktu
To the ends of the earth if you asked me to,
And I don't know,
Where you've been all my life,
Where have you been all my life.

(Chorus)

Have I told you lately, you're the only one
Who makes me wanna stay in this town, and I hate it,
'Cause what about when you're not around.
Have I told you lately, you're the only one,
Who gives me any reason to sing,
And I hate it,
'Cause baby you just don't miss a thing.

(Bridge)

She's got me all bummed out don't know what

she's
doing,
But she knows damn well this party needs moving,
You better get to it,
And I know,
That they will write our names in history books,
Along with killing stares and dirty looks,
And right right turn around uptown downtown now.

(Chorus)

Have I told you lately, you're the only one
Who makes me wanna stay in this town, and I hate it,
'cause what about when you're not around.
Have I told you lately, you're the only one,
Who gives me any reason to sing, (Ba da da da da
