[Legislators either ignore youth rights or
Further attack youth rights]

A rebellion is necessary to arm ourselves
Against the oppression of an ageist drinking age
Millions in our society agree with that tyranny
But a rebellion shall give us our dignity

Flags of Rebellion and Arms of Rebellion
We fight our way to destroy ageism
The age of majority demands respect
So we cannot conform to ageist stupidity

Oppressors haven been elected
Whose purpose is to deny our right to drink
We shall be militants armed with liberty
For a rebellion to our necessary respect

Flags of Rebellion and Arms of Rebellion
We fight our way to destroy ageism
The age of majority demands respect
So we cannot conform to ageist stupidity
