

## Rebels Against Oppression

### "I Will Not Conform"

Inflexible minds of tyranny implant  
Their syndrome of killing freedom  
Calamity After Calamity  
Freedom for the youth gets dismissed

Elected for their hate of liberty  
I will not conform  
There must be progress  
They can't be elected for the sake of freedom

So angry the top of my head feels tingy  
They take away the rights of the youth  
Evolve or Revolution  
There can be no guinea pig of tyranny

Elected for their hate of liberty  
I will not conform  
There must be progress  
They can't be elected for the sake of freedom
