

Rebels Against Oppression

"Power Has Been Used For Wrong"

Visit "[Power Has Been Used For Wrong](#)" on MotoLyrics.com

The protectors to save the whales rarely succeed
Against the murderous fleets from Japan
This war which has been occurring for years
The good fleet must succeed to save the whales

Power has been used for wrong
To seek out whales under the pretense of research
What's worse is that they have gone away with it
Justice must come to protect Southern Ocean whales

Whales from sanctuaries must never be hunted
But the spokespeople for those evil fleets
Point fingers when the noble ship accomplishes
Maneuvers to save at least one whale

Power has been used for wrong
To seek out whales under the pretense of research
What's worse is that they gone away with it
Justice must come to protect Southern Ocean whales
