No one 18 to 20 should put a sticker on their car  
Because of a law whose purpose is to not treat them  
Like adults so break that law to take back your  
Dignity in a way that makes for civil disobedience

Dillusioned legislators are treating the age of 21  
As some golden age but when it comes to driving  
Those 18 to 20 must be treated like adults so don't  
Stop civil disobedience against the ageist sticker law  
I would accept being jailed for practicing it

There are millions of people who justify oppression  
Against the youth on the basis of age which is why  
Passenger restrictions and curfew for those 18 to 20  
Is oppression so civil disobedience is a solution

Dillusioned legislators are treating the age of 21  
As some golden age but when it comes to driving  
Those 18 to 20 must be treated like adults so don't  
Stop civil disobedience against the ageist sticker law  
I would accept being jailed for practicing it
