

Rebels Against Oppression "Shout At Politicians"

Visit "[Shout At Politicians](#)" on MotoLyrics.com

Cowardice is what elected officials
Will many times do to appease
Some form of oppressive force and
Ageism is such a force so this is why
There are ageist laws on behalf of a
Supposed ally that you've trusted

Learning finance by the use of
Oppression doesn't lead to
Learning so shout at the politicians
Who voted for the bill and who
Passed the bill regarding credit
Cards and those aged 18 to 20

Credit cards must never recognize
The age of 21 as a restriction
There's no justification for that law
Sympathy to the reasons against it
But still supportive of the law is
The same as outright oppression

Learning finance by the use of
Oppression doesn't lead to
Learning so shout at the politicians
Who voted for the bill and who
Passed the bill regarding credit
Cards and those aged 18 to 20
