Angel by aleesia  
I can't figure this out  
I'm stuck on this cloud  
And I don't think I'm crazy  
I am never coming down

He makes my heart pound  
Yeah he's so amazing  
I never thought somebody  
Like you really existed

Close my eyes and  
Make a wish  
He must be an angel, angel

He must an angel  
Falling down, yeah

He must be an angel  
Got me an angel

F-F-falling from the heaven above  
Take me with you  
To, heaven (3x) yeah

He's always on cue he know just what to do  
To, make me feel so good  
And when he comes around  
I'm all upside down  
And I feel like I cant breath  
And I feel like I cant breath

I never thought somebody  
Like you really existed

Close my eyes and  
Make a wish  
He must be an angel, angel

He must an angel  
Falling down, yeah

He must be an angel  
Got me an angel

F-F-falling from the heaven above  
Take me with you  
To, heaven (3x) yeah

Don't know what he did  
But I cant get him out  
Of my mind  
He must be an angel
