I thought about this for some time  
Especially when you're apart from me  
Seemed too dark, I thought, to hurt  
But then the darkness never bothered me

If you pass on, I don't want to be alone  
So baby, let's die at the same time  
Baby, let's die at the same time  
Baby, let's die

I pray it not come too soon  
I pray it be without pain  
May it not be by avalanche  
May it not be by hurricane

May it come to us both just as day turns into night  
Baby, let's die at the same time  
Baby, let's die at the same time  
Baby, let's die

And if you drink the poison down  
I won't forgive you my defeat  
If you love me as I love you now  
Then you'll save a drop for me

If we taste fire, or if we both see paradise  
Baby, let's die at the same time  
Baby, let's die at the same time  
Baby, let's die
