I'll take you out again tonight when you get off I'll be
outside, outside

Turn the key and head downtown find a new place
honey to hide out, hide out

Bad habits aren't hard to find nice dinners and the
import wine, white wine

New blue jeans and leather boots slender means
brings burgundy blues,
Burgundy blues

Burgundy blues, burgundy blues, burgundy blues

Burgundy blues, burgundy blues, burgundy blues,
burgundy blues

I got a lead on a long shot colt he's got speed and he's
just been broke,
He's been broke

Take the money that I set aside walk up to the counter
honey it's post
Time, post time

If we catch a break we know what we'll do it's our
chance to take we got
Nothing to lose, nothing to lose

Nothing to lose, nothing to lose, nothing to lose

Nothing to lose, nothing to lose, nothing to lose,
nothing to lose

Unfazed by pain, unfazed by love, unfazed by rain that
won't let up

Unfazed by debts I'll never pay, unfazed by blonde hair
turning grey

Unfazed by dreams we left behind, unfazed by jokes

there's no punch line

Unfazed by death she's my blushing bride, unfazed by
living until I die

We'll take a handful of quarters from the dresser
drawer

There's a bar around the corner with no cover charge,
no cover charge

They can't kick us out till half past two

We can dance all night if we fill up the juke, fill up the
juke

Fill up the juke, fill up the juke, fill up the juke

Fill up the juke, fill up the juke, fill up the juke, fill up the
juke
