You're soaking with
And I am bored as hell
You're not alone
You're not alone
So drink away your fears
Acknowledge them
And you only with them breathe
You're not alone
You're not alone
So teach the widow wife
And hope its selflessness won't turn to smile
Hope you're not alone
You're not alone
You never calm me down
I want to feel my heart is bursting out
Sing I'm not alone
I'm not alone
I'm not alone
I'm not alone
And afterwords you seem to smile
And bury you in the sand
And words that make each moment come
And bring on with the past
And words you found in the cracks of the wall
In the open of your
(Hands)
Carries the message of our life
Carries the message of our hope
Carries the message of our loved
Carries the message of our dears
