There's a fight between my heart and soul
When my pride tries to take control
It's hard to see what I was meant to be

And we are living in a world without a cause
and there's a need that seems impossible
But I can hear, I hear you calling me

To raise a banner of love up high in these city streets
One hope for all the world to see
Be my banner of love
This love is a burning flame
One voice crying out Your name
You're my banner of love
You're my banner of love

And only you can see my destiny
Only You can be the strength I need
Cause my life is Yours God

So goodbye to pride and bitterness
I'm going to live out my purpose
Cause Your life has showed me how

To raise a banner of love up high in these city streets
One hope for all the world to see
Be my banner of love
This love is a burning flame
One voice crying out Your name
You're my banner of love
You're my banner of love

I want to be Your love
I want to lift You higher
I want to reach out and touch this world
I'm gonna reach out and love Your world
We want to show Your love
We want to lift you higher
We're gonna reach out and change this world

We're raising the banner of love up high in these city

streets
One hope for all the world to see
Be my banner of love
This love is a burning flame
One voice crying out Your name
You're my banner of love
You're my banner of love

Up high in these city streets
One hope for all the world to see
Be my banner of love
This love is a burning flame
One voice crying out Your name
You're my banner of love
You're my banner of love
