

Avenue Of Heroes "Again"

Visit "[Again](#)" on MotoLyrics.com

the city falls,i wish i could be stronger than death (i
wish i could be)
but this won't be the last time i see your eyes close to
me (so close to me)

Hold me so I'll try to forget - you wont fall again
Hold me and we'll find life again - you're closer this
time

my hopes are tears we cry,my dear
i've got no fear to die right here,i've got to face my life
again!
Hold me so I'll try to forget - you wont fall again
Hold me and we'll find life again - you're closer this
time

Again!
Destroy your pain!
This time don't let me down!
And I will kiss you so
and forget...

Hold me so I'll try to forget (you wont fall again)
Hold me and we'll find life again (you're closer this
time)
