I'm falling down
And I can't see the ground
Cause you've taken me so high
But you dropped me out so low
And you want
Yeah you want me to hang around

I feel so alive
But I won't sleep tonight
Cause I can't stay another day
Knowing things could be this way
And you want me
Yeah you want me to hang around

Hang Around
(You want me to just)
Hang Around
(Well I want you too, just)
Hang Around
(Let me decide if I can)
Hang Around
(If you want me to just)
Hang Around

Now I can hear the sound
Of my intuition, speaking loud
Like fire burning through my head
Replaying everything you said
But you want me
Yeah you want me to hang around

Well maybe I can forgive
And baby you know, you can convince
All the people around us say
That thing's have got to change
If you want me
If you want me to hang around

Hang Around
(You want me to just)
Hang Around
(Well I want you too, just)

Hang Around
(Let me decide if I can)
Hang Around
(If you want me to just)
Hang Around

All this time you've wasted
In anticipation
Maybe all you needed
Was a kick of inspiration?

Hang Around
(You want me to just)
Hang Around
(Well I want you too, just)
Hang Around
(Let me decide if I can)
Hang Around
(If you want me to just)
Hang Around
