I'll give you more than a promise
Stronger than the oceans tide
And it if takes everything
I'd give my whole life
For more than a promise

When we first met
We were never true
So many reasons
It could never be you
And after time took it's course
It was only nature's force
Never knew how this could feel
I can't fight what is real

I'll give you more than a promise
Stronger than the oceans tide
And it if takes everything
I'd give my whole life
For more than a promise

We were the best of friends
I knew I could love again
Through all the years and the pain
You were worth the wait
And we had so much fun
That you had to be the one
Wish I'd knew how this could feel
I can't fight what is real

I'll give you more than a promise
Stronger than the ocean's tide
And if it takes everything
I'd give my whole life
For more than a promise

What would I have to do
To move the sun and the moon
Bring the heaven's down to Earth
Cause I'd do anything for you

I'll give you more than a promise
Stronger than the ocean's tide
And if it takes everything
I'd give my whole life
Yeah I'd give my whole life
For more than a promise
