I fought so hard
To give myself to you
What did I do?

Now I'm fighting everyday
To put those little voices away
What can I do?

There's no glue
But it's so obvious I'm stuck to you

If I gave you my heart
Could you put me back together
Take the pieces and make some sense
Out of it all
(Out of it all)
Out of it all

Something tells me
We will never work right?
Should we even try?
If you're willing, well so am I
Don't leave, just stand by (stand by, stand by)
Yeah just stand by

If I gave you my heart
Could you put me back together
Take the pieces and make some sense
Out of it all
(Out of it all)
Out of it all

There's no glue
But it's so obvious I'm stuck to you

If I gave you my heart
Could you put me back together
Take the pieces and make some sense
Out of it all
(Out of it all)
Out of it all
