You've got your plans
Somebody's got your heart
I'll cut you off before you even start
Don't think that I don't know

Honey I'm sorry if I look too deep
I was taken by the way you said
You need someone like me

I see the pictures on your wall
I'll break my heart before I fall

You're all I need
Right here, right now
Your everything, your everything I
Didn't have before

Just when I thought
I got you figured out
I'm justified by waiting to say
Your wrong,
Don't loose control

I've been through all this
And I'll do it again
I'd rather have it this way
Than to loose a friend
You know, don't let me go

If you could see me through it all
I'll break my heart before I fall

You're all I need
Right here, right now
Your everything, your everything I
Didn't have before

When you've found what you wanted
I'll still be by your side

You're all I need

Right here, right now
Your everything, your everything I
Didn't have before
