Ice Cube: Felt on the big fat fanny, pulled out the
jammy and killed the puna.. (x2)

Calibe: Today was a good day
My baby took me on a morning ride
To my favorite place
He had me feeling so good inside
The neighbors were gone, we were alone
We didn't have to worry at all
Played my favorite song, let's get it on
Now he got me on the wall
We did it this way, that way
Front way, back way
Short way, stack way yeah
Today was a good day

Ice Cube: Felt on the big fat fanny, pulled out the
jammy and killed the puna.. (x4)

Calibe: Today was a good day
My baby hit me up on the job
He called me down to the lobby then he pulled me in
the
closet and
turned the door knob
I don't think anybody knew
About the naughty things that we did do
Like you on me and me on you
Talk about a sexy rendezvous
We did it this way, that way
Front way, back way
Short way, stack way yeah
Today was a good day

Let me hear you say oh yeah (x3)

And my jimmy runs deep, so deep, so deep, put her
butt
to sleep (x2)
