The summer air so thick, black clouds above move in.  
What a day to be granted freedom.  
Fourteen years felt like fourteen life times.  
You're gonna learn about loss.  
Just as I was forced to, because of you, concealing  
crucial evidence.  
My time is spent gaining knowledge, building my  
strength, desecrating my  
flesh.  
If home truly is where the heart is, then I will strike  
there first.  
I will take his family, I will show him what true loss is.

The summer air so thick, black clouds above move in.  
What a day to achieve my vengeance, fourteen years  
in exchange for this  
night.  
You're gonna learn about loss.  
Are you ready to be born again?  
Each man must go through Hell to reach their paradise.  
I have already gone through my Hell, and my paradise  
will be your agony.  
Counselor, you're gonna learn about loss.
