And all Ive done is come around once more and make
a mess of things
When Im here, its all repair
and then I throw it all away
I wish we all could just see who we are and what we
really need
Because deep inside, we're all the same...
We live, we love, we bleed...

For everything we've done we're sorry
Where is our second chance
For everytime we've turned away,
Do we get a second glance?

For all the time we wasted,
do we get another day?
For all the hurt we tasted,
Does it ever go away?

We are not the sum,
of things we used to do.
Our pasts are simply over,
Each day we start brand new.
I hope you see just who I am,
Its you I only need...
Because deep inside, we are the same...
We live, we love, we bleed...
