Just like a mouse that is hiding from a cat
I creep under my bed in tears
Oh father tell me where, oh, where is your brain at
Sometimes I wish that I could just disappear

I stretch my arm and reach up to my teddy bear
My only friend in this nightmare
One more time, one more night
Still one more try to get it right
To understand the reasons why
You've become a monster

Again another sleepless night
Hidden in the corner of my room
Trying to flee from my dad's sight
I'll be stronger soon...

Today I broke a window while playing with my ball
Fear came up dripping off my walls
One more night... one more night
One more night... one more night

The smell of psycho's lurking
Crawling by this anger and these fights
All my fears come crashing
Crashing now through each and every night

Again another sleepless night
Hidden in the corner of my room
Trying to flee from my dad's sight
It'll be over soon...
