Getting what you want is fine,
That's alright,
And if you feel so inclined,
Then let's fight.

You can go away,
And work something out,
If it's all the same,
I'll change for now,
Nothing left to say,
And less left to shout,
You can stay the same,
I'll change for now.

Smoke will quickly turn ablaze,
If you stay,
If you decide to take that train,
That's okay.

You can go away,
And work something out,
If it's all the same,
I'll change for now,
Nothing left to say,
And less left to shout,
You can stay the same,
I'll change for now.

If what you say is true,
Why would you throw it all away?
All those games you play,
All the reasons all these games just work for you.

If what you say is true,
All the things I could have been,
But I never did,
And now you've got to so much better.

You can go away,
And work something out,
If it's all the same,
I'll change for now,

Nothing left to say,
And less left to shout,
You can stay the same,
I'll change for now.

(Let's go!)

You can go away,
And work something out,
If it's all the same,
I'll change for now,
Nothing left to say,
And less left to shout,
You can stay the same,
I'll change for now.

I will be there,
If it's all the same,
I'll change for now,
If you wont let go,
You can stay the same,
I'll change for now
