This evening  
At quarter to 8  
We'll have an update  
They think it's too late  
But they're trying  
To do all that they can

Family  
Together for once  
It's been too long  
Since everyone went their own ways  
Upon that falling out

I wish  
It wasn't in this hospital  
It always seemed impossible  
That we would meet again

But I know there's something out there  
Something somewhere  
I feel it all around  
Feel it all around this room  
And I feel that something out there  
Someone somewhere  
Is trying really hard  
Fighting really hard  
This day

It's cold here  
Been waiting all day  
And mother holds her side  
Reminds me the way I feel when I was young  
So close and not alone

The small talk  
How have you been?  
I'm doing ok  
Just yesterday  
He was laughing  
And telling all his jokes

I wish

It wasn't in this hospital  
It almost seemed impossible  
That we would meet again

But I know there's something out there  
Something somewhere  
I feel it all around  
Feel it all around this room  
And I feel that something out there  
Someone somewhere  
Is trying really hard  
Trying really hard  
This day

After all these years of trying  
Now that someone's dying  
Feels like we're home  
You've got our attention  
Let's all leave this place together  
Hang on  
Let's start over  
Please don't let go  
You've got our attention now

Something out there  
Something out there  
Something out there  
Feel it all around  
Feel it all around this room

Something out there  
Something somewhere  
I feel it all around  
Feel it all around this room  
And I feel that something out there  
Someone somewhere  
Is trying really hard  
Trying really hard  
This day

After all these years of trying  
Now you're in there dying  
Give us a chance  
You've got our attention  
Let's all leave this place together  
Hang on  
Please get better  
Just don't let go  
You've got our attention Dad
