You couldn't tell by the tone that I want you?  
You couldn't guess from the vibe that you're mine?  
Shot glasses, Burnt out cigarettes  
You wanted nothing, baby get in line

I couldn't stay but I thought you'd be waiting  
Holding your breath while I wore out the crown  
Clock freezes, no changes in scenery  
I close my eyes and you opened the ground

So I watch and I wait and I pace  
You gave me rope, so I'm hanging around

Bad blood is maybe what we need tonight in our veins  
Bad blood, we're dancing on the edge of the knife  
Can you feel it?  
Tonight we bring our bodies to life

I come crawling back through the cracks in your  
window  
I'm seeping into your skin through the walls  
Grand delusions of petty criminals  
If I'm not everything I'm nothing at all

So I watch and I wait and I pace  
You give me rope, so i'm hanging around

Bad blood is maybe what we need tonight in our veins

Bad blood, we're dancing on the edge of the knife  
Can you feel it?  
Tell me, can you feel it?

Bad blood is maybe what we need tonight in our veins  
Bad blood, Im crashing right in front of your eyes  
Can you feel it?  
Tonight we bring our bodies to life

Where was I when you thought I crossed the line?  
Where was I when the gears began to grind?  
Where was I when the band kept playing on?  
Where was I when you knew I was wrong?

Bad blood is maybe what we need tonight in our veins  
Bad blood, we're dancing on the edge of the knife  
Can you feel it?  
Tell me, can you feel it?

Bad blood is maybe what we need tonight in our veins  
Bad blood, Im crashing right in front of your eyes  
Can you feel it?  
Tonight we bring our bodies to life  
Come on baby get in line  
Tonight we bring our bodies to life
