Boy I'm here trying to let it out, still trying to show you what this ladies all about what I felt for you won't seem 2Go away, I have you in my heart nd 4 gud your there 2 stay, what can I say besides that your in my mind every day, seems like these words aren't strong enough 2 make you mine, but I jst can't help it even though im wastin my time, lets press rewind lets press rewind jst press rewind, remember the talks that we had talking 2 one another damm good times wit the plans, now things jst ain't the same anymore I can't stich up my heart becuz vato it's a big tore, im hurting inside like I never thought I would, vato im saying I love yu so don't get me misunderstood, im jst a hyna expressin what I feel not one of those tramps who pretend to keep it real.

Lil by lil your killing my luv, I wish I wasn't stuck in the fuzz, but I am stuck wit pain between the feelin of luv & hate, not knowing what direction to take, not knowing where to head or turn becuz either one of them has a world of hurt, I jst want 2 run nd bring back time 2 da day yu kissed me for da very 1st time, da day we 1st met when I tought this love would never end, but times past nd things changed, yu even said yourself this luv will end sumday, yu dnt even have a clue all da things I go thru, when I cry myse:f to sleep im always thinking of yu, asking myself is this love gonna last until I die or is it gonna end in a matter of time, but when yu choose to go away im not gonna beg yu 2 stay jst pack yu bags nd dnt come back didn't yu want it like that , nd yur wish is my command so had 2 make yur wish come true, but you know what mija? im always gonna luv yu.

Im on the serio, I die 4 yu ill lay in da cementerio, they say it obsession so if it is it might at well but if its not still, got more I need 2 tell yur drivin me crazy, nd yu jst dnt kno it nd neta without noticing, yu took my heart nd broke it im aguitada all sad nd depressed, 4 da same ol' reason that made me feel like this , im heart broken nd I can't live wit out ur kiss.

Im always gonna luv you even tought yu wont yu do but
something deep down inside tells me yu don't, I try
to tell yu how I feel but my words turn to tears yu
don't even seem 2 care (of the way I feel) so you
pretend not to hear, yu say your gonna change but
chale yur still the same, yu even made a promise but
yu flushed all 2 da drain, im gonna fight 4 our luv even
if it means death, cause without yu its like im
already dead,
