If you view life as a mission  
For truth and purity in vision  
You can become as the anointed  
And fade away from the disjointed

In observation, I analyze  
All the aspects of humanity that I despise

I am the voyager  
I have tasted pleasures of the flesh  
And drunk the pleasures of the mind  
To reach the point I've attained  
Clear focused and defined

Those who don't create dictate  
The structure of our world and preach hate  
Drifting out of languid boredom  
To destroy the structure of our kingdom

In observation, I analyze  
All the aspects of humanity that I despise

I am the voyager  
I have tasted pleasures of the flesh  
And drunk the pleasures of the mind  
To reach the point I've attained  
Clear focused and defined

If you live life draped in sorrow  
You will destroy the path we follow  
Take my hand and walk in wonder  
The patterns spin in random order

In observation, I analyze  
All the aspects of humanity that I despise

I am the voyager  
I have tasted pleasures of the flesh  
And drunk the pleasures of the mind  
To reach the point I've attained  
Clear focused and defined  
I am the voyager
