Welcome to the pleasure dome ,now take a seat the
crowd is watching you

Just rats in this experiment

Now learn the maze but don't tear yourself in two

Don't let it pull you down
And one by one we crawl,and two by two

Into the mouth of madness, we seek the perfect view

We reach another turn then fall out of time

In organized chaos

Evolution 169
You can touch but never taste the answers

Like the way that I want you

Today I killed my ego,if hell is real

Dear god please tie my noose

And then he pulled me down
And one by one we crawl,and two by two

Into the mouth of madness we seek the perfect view

We reach another turn then fall out of time

In organized chaos

Evolution 169

And one by one we crawl,and two by two

Into the mouth of madness we seek the perfect view

We reach another turn then fall out of time

In organized chaos

Evolution 169

And one by one we crawl, and two by two

In Organized Chaos, we fly away
Don't set your mind to one side

Don't set your mind to one side
