Rise Rise Rise
Rise, Rise, Rise
Rise, Rise, Rise

What do you want from this world
What do you want from this life
what do you want from this season of sorrow
That's waiting to swallow the light

Rise, Rise
From the Poison

Rise, Rise
To your Throne

Rise, Rise
From the Poison

Rise, Rise
To your throne

Your Poison Throne is Obscuring,
The lesson Required before the burning

What do you want from Humanity
Are we Hallowed and stained
Maybe we're all just useless
Or maybe we're all enslaved

Rise, Rise,
From the Poison

Rise, Rise

To your throne

Rise, Rise

From the poison

Rise Rise,
I see your throne

Your Poison throne is obscuring,
The lesson required before the burning

Sit upon your poison throne
you little drone
Make your plans
and shift your dream

Then smash them all to hell

[Solo]

Rise, Rise, Rise
Rise, Rise, Rise
Rise, Rise, Rise

Your poison throne is obscuring
The lesson required before the burning

Sit upon your poison throne
You little drone
Make your plans
And shift your dreams

Then smash them all to hell
