Oh I think you cheated, I think you're cheating me
Give me a reason, make me not believe
Well I called her out and she just lied
Said that she was only mine
I think you cheated, I think you're cheating me

Then you cry, come running back to me
You go standing on my porch step
And you say that you won't leave

Well I said don't come knocking at my door
I don't wanna see your face no more
I'm ready for a new day, ready for a season change
I'm gonna find a getaway

I think you're playing, I think you're playing games
Followed you out to prove I'm not insane
Saw you kissing boys front of my headlights
Drove back home in the dead of night
I think you're playing, I think you're playing games

Then you cry, come running back to me
You go standing on my porch step
And you say you'll never leave

Well I said don't come knocking at my door
I don't wanna see your face no more
I'm ready for a new day, ready for a season change
I'm gonna find a getaway

I was stupid for believing you
Cause you cheated now we're through
No you aint ever gonna win my heart,
Win my heart

Don't come knocking at my door
I don't wanna see your face no more
I'm ready for a new day, ready for a season change
I'm gonna find a getaway

I'm gonna find a get away
