Damn we're on our way and by the way,
I thought I'd say that I'm so happy here with you,
We made it through those sleepless nights,
Where I was thinking of you and those things that you
do,
And how they were so nice, and how you smiled so
bright,

And it felt so right, Cuz you're the only one for me,
That's how I see it girl,
And there's nothing I believe in more than that

It's the way that she left me stumbling for the words
to say,
I was so afraid of losing a girl like you,
Cuz damn baby you're just so cool,
It's all in everything she says,
And one more word could knock me dead,
But it's you and I can promise this to you girl,
You make my dreams come true

And I woke up to her smiling at me,
With a smile so sweet it was meant for two,
So I smiled back at you,
And oh she's done it again,

I'm feeling so sure and I know that you're,
Truly what I've been hoping for,
And you're so much more

It's the way that she left me stumbling for the words
to say,
I was so afraid of losing a girl like you,
Cuz damn baby you're just so cool,
It's all in everything she says,
And one more word could knock me dead,
But it's you and I can promise this to you girl,
You make my dreams come true

Oh, you make my dreams true, oh, oh

It's the way that she left me stumbling for the words

to say,
I was so afraid of losing a girl like you,
Cuz damn baby you're just so cool,
It's all in everything she says,
And one more word could knock me dead,
But it's you and I can promise this to you girl,
You make my dreams come true

You make my dreams come true x8
