Now I think that it's strange, even when you're on  
your own punishments the same  
And the light is burning so bright and it was me, who  
set it alight,  
Who set it alight

Cuz love, love  
Every time we talk about it  
Love just goes away.

Now I've been walking so strong for so long now it  
seems tired and so slow  
And the skies are turning so dark  
And I don't know if I'll be home again  
Cuz love, love  
Every time we talk about it  
Love, it goes away.  
Yeah love, love  
Every time we talk about it  
Love, it goes away.

You're in my mind,  
You're in my eyes,  
And love, it all lies with you. (x2)

Cuz love, love  
Every time we talk about it  
Love, it goes away.

Yeah love, love  
Every time we talk about it  
Love, it goes away. (x2)
