She has said too much
And lost his touch
Her last time's come

Now the key turns in her hand
This empty house
Feels colder now

But when you pick up the pieces
And you look around
Well there's no reason that you can't

Soar and I'll follow you
Where you lay
I was here before
Through the good the bad
Forget all that you've had
Just to know
That you'll soar

He has said I'm done
Now she's gone home
To someone new

The plans were set in stone
Now he's alone
His worlds gone wrong

But when you pick up the pieces
And you look around
Well there's no reason that you can't

Soar and I'll follow you
Where you lay I was here before
Through the good the bad
Forget all that you've had
Just to know
That you'll soar

Then you'll soar (x12)

Soar and I'll follow you
Where you lay I was here before
Through the good the bad
Forget all that you've had
Just to know
That you'll soar
