"A Little Luxury"

Visit ["A Little Luxury"](#) on MotoLyrics.com

I can't fall asleep I wanna try
The only way I'll sleep is if I die

I need a little luxury
Put your arms around me
And I'll feel better naturally

Thinking about everything I do
Wide awake and thinking about you

I need a little luxury
Put your arms around me
And I'll feel better naturally

I'm afraid that I care and I want you there

[solo]

I need a little luxury
Put your arms around me
And I'll feel better naturally
And I'll feel better naturally
And I'll feel better naturally
