Don't you be holding back you love  
don't you be holding back  
Don't you be holding back you love  
don't you be holding back  
Cuz in the end girl you're gonna want another round  
another round  
girl you're gonna want another round another round  
I used to want you and her and her and her and you  
and her and her  
I used to want you and her and her and her now all I  
want all I want  
Shawty got a mean walk, mean shoe game, bitch  
badder than any bitch that you name

I used to want you and her and her and her and you  
and her and her  
I used to want you and her and her and her now all I
