The way she looking now spin my head around
There ain't no question I'm about to put it down
We had a couple shots, then had a couple more
And now it looks like we're headed to my bedroom
door
We hit the first play, skip the second play, then we
bump and grind into
the foreplay
I see it in your eyes you're staring into mine

Your body pheenin baby, I'm bout to get ya high
And when you need a hit need a fix I will supply
Your heads in the sky and I'm on cloud nine

There's no pretend now
I'm going in now
And when it goes down
I'll make your body say

(Ah Ah Ah Ah Ah Ah) This is how I break it down
(Ah Ah Ah Ah Ah Ah) This is how I break it down
